

Dear Future Third Grader,

We are looking forward to having you in our classrooms next year, we have a lot to learn in third grade! We know many of you are eager to become even better readers, and we are excited to expand your knowledge through the third grade Wonders curriculum. Using Go Math!, we will learn how to multiply & divide, tell elapsed time, understand fractions with different numerators and denominators, and so much more!.

We have an exciting experience planned for next year. Our classes will spend an entire week at a nature center with Annie's Big Nature Lesson. This is one of the highlights of the year for many third graders and we are excited to share this opportunity with you. We cover much of our science curriculum during this busy week.

A detailed supply list will be sent home in August with your classroom teacher placement. If you would like to shop over the summer we can always use Kleenex, Clorox wipes, paper towel, Band-Aids, No. 2 pencils, crayons, glue sticks, black Expo markers and Ziplock baggies (all sizes). Have a wonderful summer and see you at the open house on Thursday August 23rd at 6:30 p.m.

~Mrs. Bartlett, Ms. Hopkins, and a new third-grade teacher!
