Evaluations Held at St. James Church; Pre-registration Required

The Mason Soccer Club (MSC) provides developmental, recreational and competitive soccer programs for children in the Mason school district. MSC's mission is to provide a soccer environment such that every Mason youth has the opportunity to develop a love for the game that embodies fair play, good sportsmanship, a strong understanding of the game, and excellent soccer skills.

Future Stars K-1 Academy for the Fall (Kindergarten and First Grade)

Online registration now through Sept. 6, 2024

Students entering Kindergarten or 1st Grade are encouraged to register now for the Fall 2024 Future Stars K-1 Soccer Academy. Designed for Fall 2024 Kindergartners and First Graders in the Mason school district who are at least five years old as of December 31 of their Kindergarten school year, the K-1 Academy does not have evaluations and includes six weeks of training sessions and five games in the fall of 2024. A separate registration will become available over the winter for the Spring 2025 season.

Recreational Program (Primarily Second Grade with 2017 birth years)

Online registration now through Aug. 1, 2024

MSC sponsors teams in the East Side Soccer League (ESSL), a recreational league with teams from nearby communities. MSC forms ESSL teams in early August based on the grade, gender, and number of registrations received by August 1. Because competitive teams noted below do not begin until birth year 2016, most second graders with a 2017 birth year will play ESSL for the fall and spring, as well as some older players when overall registration numbers allow for additional teams. Teams are a fall and spring commitment and practice twice weekly in the fall (September and October) and the spring (April and May). Matches are played on Saturday mornings (seven in the fall and five in the spring). Registration is open now! Please note, a registration fee will not be charged until later when the player is added to a team.

Competitive Program (2016 birth year through 2006 birth year)

Online pre-registration required by the day prior to his/her evaluation

All players, birth year of 2016 or older, are required to attend evaluations at the appropriate time outlined below on June 10, 11, or 12. Evaluations will help ensure players are appropriately placed, and the maximum number of teams are formed. These teams are a **fall and spring commitment**, running from August through early November, and April through early June with practices twice weekly, and eight games each season. Please note, a registration fee will not be charged until later when the player is added to a team.

All interested players must register, based on the birth year, at least one day before their evaluation date!

**if your child is unable to make player evaluations, please email Greg Rodgers at: garodgers.msc@gmail.com*
