

Application Deadline: **Wednesday, May 2, 2018**

**Future DOcs**

June 24-29, 2018  
Current grades 7-9

Have you always dreamed of being a doctor? Is a medical career in your future? Future Docs is a collaborative partnership between GATE and the MSU College of Osteopathic Medicine Hospital to offer highly gifted students the opportunity to work with physicians and community members through their participation in classes and hands-on activities encompassing topics such as CPR certification, first aid, EMT, osteopathic manipulative medicine demonstrations, anatomy/ physiology training, pathology, dissection, and biochemistry. This intensive one-week program offers both residential and commuter options.

**MST @ MSU**

July 8-13, 2018  
Current grades 7-8

This one-week residential or commuter program offers a wide range of advanced STEM curriculum that students don't have access to in middle school! Check out our website in January for the full list of 2018 offerings. Each student will participate in two classes and one workshop.

**MSTL**

July 8-20, 2018  
Current grades 9-10

Mathematics, Science, Technology, and Leadership! This two-week residential or commuter program offers advanced STEM topics such as Microbiology and Animation! Students will choose two STEM courses, as well as one Leadership Workshop, which is designed to introduce students to concepts and skills required to be a leader in STEM fields.

**GUPPY @ MSU**

Gifted University for Parents and Precocious Youth

Grades 3-4: June 30-July 1, 2018

Grades: 5-6: June 29-July 1, 2018

GUPPY is designed for young gifted students to attend MSU for a weekend and take classes with faculty. There are two sessions: grades 3-4 is two days and grades 5-6 is three days. GUPPY offers a variety of accelerated exploratory educational presentations and hands-on experiences in MSU's laboratories and classrooms. Topics include from STEAM curriculum and pre-medical topics. Families living a distance from campus may stay overnight at a locally prearranged hotel with their student, at a special MSU rate. Local families may drop off and pick up their student each day.

**CSI: FORENSIC SCIENCE CAMP**

June 24-29, 2018 Current grades 7-9

This program gives students insight into what it takes to be a crime scene investigator through interacting with forensic science professionals in a variety of specialties. Students will apply their investigative skills and creativity to analyze mock crime scenes using real forensic science equipment. Spend one week immersed in CSI at this residential or commuter program!
